「我最喜歡交通工具，

Have you ever heard an orchestra?  
It's made up of lots of different musicians, but they  
all play at the same time to make one amazing big sound.

Before they start, everybody tunes  
up to get ready. It sounds like this.

Now listen to some of the strings.  
You play them with a stick called a bow.

Here are some of the wind  
musicians rehearsing. They  
play their instruments by  
blowing into them.

When they play together,  
it sounds like this.
